**Normal: PROFESSIONAL SPEED CONVECTION OVEN**

If you need to cook fast, look no further than the Panasonic SCV2 high speed oven. Designed to bake, toast, grill and much faster than conventional convection ovens, the SCV2 helps you to reduce wait times whilst still producing excellent results. Exclusive twin inverter technology cooks food consistently throughout, removing any chance of under or over food. The SCV2 also includes a built-in catalytic converter - removing the need for potentially expensive overhead extract. A great choice for service stations, cafés, food kiosks and more.
